National Socialist White Peoples Party AND THE National Socialist Youth Movement

Number 243

June 1978 YL-90

Suddenly programs arose which start to finish were copied from ours, ideas put forth which had been borrowed from us, aims set up for which we had fought for years, roads chosen which the NSDAP had long traveled. By every possible means they sought to explain why they had been forced to found these movements despite the NSDAP which had long been in existence; but the nobler the alleged motives, the falser were their phrases.

In truth a single reason had been determining: the personal ambition of the founders to play a role to which their own dwarfish figure really brought nothing except a great boldness in taking over the ideas of others, a boldness which elsewhere in civil life is ordinarily designated as crooked.

Minneapolis NSYM Picket Queers

On 25 June, a group of White high school students led by local members of the National Socialist Youth Movement picketed the "1978 Gay and Lesbian Pride Celebration" in St. Paul. About 300 queers, leftists, street scum and other misfits held a rally at the state capitol and then marched in a bizarre parade to Mears Park in downtown St. Paul. There the astonished fairies found eleven National Socialists waiting for them and picketing their degenerate rally.

The picket was conducted by the NSYM and local pro-Party youth wearing White Power T-shirts. Youth member Robin Betland carried an American flag, and other young men carried signs reading QUEERS ARE ANTI-WHITE!, SQUASH FRUITS! and CRUSH QUEERS! Two ST men went along for security and a mufti crew of one OS and four NSWO accompanied the demonstra-

NEW ADDRESS FOR NS PUBLICATIONS

NS Publications has recently moved its operations from National Headquarters in Arlington to the Party's Midwest headquarters, located in Cicero, Illinois. All comrades should take note of the new mailing address for NS Publications, which appears below.

It should be noted that this address is for NS Publications *only*. All other matters pertaining to the Party---membership, the NS BULLETIN, WHITE POWER, security, miscellaneous correspondence--- should still be sent to National Headquarters in Arlington. In particular, Official Supporter pledges, membership dues and general donations should still be directed to National Headquarters.

We wish to apologize for any delays this causes in receiving orders. Although the move may cause some temporary inconvenience, we feel that this new, more centrally situated location for NS Publications will enable us to provide faster, more efficient service to our customers in the future.

The new address for NS Publications is:

tion to take photographs and serve as drivers. The youth chanted "White Power!" and "Rockwell Lives!" This in turn drove the horrified fags to chant slogans such as "No more Holocaust!" and "2-4-6-8 Gay is just as good as straight!" Although they outnumbered the National Socialists by 20-1, the queers managed to restrain their fury, and there was no violence.

While various Reds and homos gave speeches in the park, spectators were busy watching the National Socialist demonstration for decency. Favorable comments were heard from normal Whites passing by.

The activity received widespread local media coverage, including television and radio spots, as well as the photograph reproduced here from the *Minneapolis Star*.

In Arlington, NSYM National Secretary Bruce Mathews applauded the Minneapolis youth member on the activity, and said that it should serve as a model for other NSYM units and activists to follow.

COUNTER-RALLY—Members of a group called the American Socialist White Peoples' Party marched past a gathering for the 1978 Gay and Lesbian Pride celebration in St. Paul's Mears Park yesterday. The gay-pride group had begun its activities with a rally at the state Capitol and a march to the downtown park.

Milwaukee ST Close Down Communist Bookstore

Late in 1977, a Communist splinter group known as the "Revolutionary Communist Party" boasted that it had driven the NSWPP from the streets of Milwaukee. To show the RCP that this was not the case, the Milwaukee units of the Party staged a number of uniformed pickets of the RCP headquarters and bookstore during the winter and spring. The ST men vowed to continue to picket the Red headquarters as long as it was there. There was no reaction from the Reds to speak of, outside of complaints that we are "tools of the capitalists" and in cahoots with the police to "suppress the workers."

When the Milwaukee ST returned to the RCP headquarters one day recently they discovered that it had been closed down. Apparently, their landlord preferred evicting them to having his building become the target of constant National Socialist demonstrations.

As of yet, the RCP has not opened a new headquarters in Milwaukee. If it does, however, it may find some familiar—but unwelcome—visitors on its front doorstep.

Milwaukee Unit Sets Up White Power "Hot Line"

Milwaukee Unit I, in conjunction with the National Socialist Women's Organization has installed a phone number that the public can call to find out information about the Party. This is *not* a recorded White Power Message; this is a regular telephone line, staffed by Party personnel, to communicate with White people. The number to call is (414) 671-4093, Saturdays from 4-8p.m.

Commander Interviewed for West German Television

Commander Koehl recorded an interview for a West German television station on 22 June. During the interview, the Commander explained the Party's activties in the United States, as well as the functions of the World Union of National Socialists. The Commander also explained the differences between the NSWPP and certain "Nazi"-like groups that have received a lot of press coverage in the last year, both here and abroad. In particular, the Commander explained that both the NSWPP and WUNS do not admit Jews as members, let alone allow them to assume a position of leadership.

San Diego Activists Organize

On 8 July, the Orange County Unit sponsored an organizational meeting in the San Diego area, to facilitate Party organization in that city. Unit Secretary Orwin Zuiderweg reports that a number of Party sympathizers and supporters from the area attended the meeting, some of whom were quite enthusiastic about reforming the San Diego Unit. Anyone in the San Diego area who would like to assist Party operations there in any way should contact the Orange County Unit at the following address:

Southern California Comrades Picket Kosher Conservatives

On 20 May, a team of Stormtroopers from the Orange County Unit was joined by a team of Los Angeles Unit comrades for a joint picket of a local right-wing meeting. The meeting was sponsored by the "Committee of Ten Million," a coalition of several rightist groups, which is concerned with such pressing issues as the legalization of laetrile. The ST carried signs reading WORDS WITHOUT ACTION=NOTHING, and LEADERS, NOT COMMITTEES. Over 100 WHITE POWER newspapers were distributed to interested persons attending the gathering.

During the proceedings of the meeting, several speakers—some of whom were Jews—accused the Party of being "Unamerican" and "Communist," although the rank-and-file right-wingers received the National Socialists warmly as being the true answer to America's racial problems, and not another "well-meaning" conservative group designed to get rich off of little old ladies.

The ST picket received local news coverage, including the photo in *The Orange County Register* reproduced here.

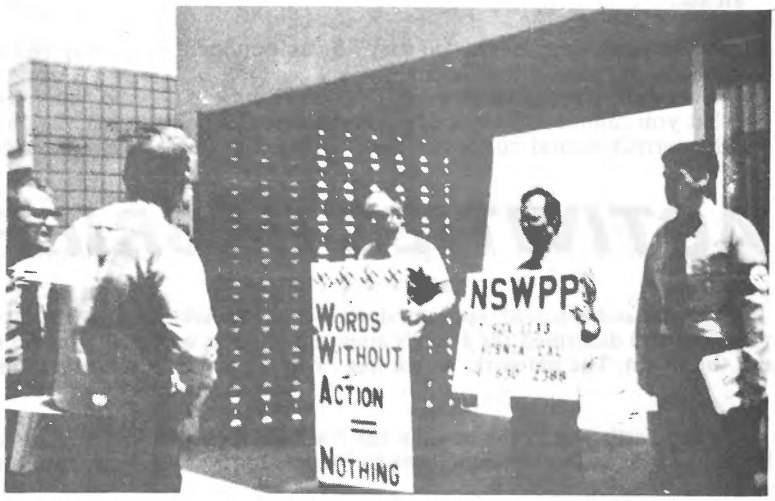
STARS AND STRIPES AND SWASTIKAS — An unidentified young American Flag bearer sandwiched himself between two apparent Nazis Saturday as the pair picketed outside Anaheim's Fremont Junior High School. Inside was a gathering of a group calling itself The Committee of Ten Million. Leaflets indicated the group is affiliated with the Christian Conservative Churches of America and the Christian-Patriots Defense League, and opposed to increased taxation, busing and gun control. One Nazi sign read, "Leaders, Not Committees."



L.A. Unit Organizer Featured in Documentary

L.A. Unit Organizer Gregg Hummer was recently featured in a television documentary on "Nazism." The documentary was a four-part series filmed and broadcast by KCET-TV channel 28 in Los Angeles, an affiliate of the Public Broadcasting System. The segment which featured Comrade Hummer appeared on 25 May.

During the half-hour program, Comrade Hummer and Orange County Organizer Rick Harp were shown in a "personal" atmosphere, in an attempt to show that "Nazis, too, are human." Comrade Hummer also had the opportunity to explain the Party's views on many topics in detail.

Aside from negative comments by the show's host, the presentation was an objective representation of the Party and its principles. Unfortunately, near the end of the segment with Comrade Hummer, the documentary's kosher producers included old, phony "newsreel" footage of bulldozers pushing piles of skinny, rubber-like "bodies" into "mass graves."

NOTES CONCERNING UNARMED DEFENSE

1. **Be Aggressive.** Be aggressive in defending yourself. If you see an opponent who is clearly in the process of assaulting you, remember that "the best defense is always a good offense."

2. **Don't worry about injuries.** Don't worry about getting hurt—rather worry about hurting your opponent. If blood is going to be spilled, worrying about your own safety won't help matters. Act—don't allow yourself to become paralyzed with fear.

3. **Hit hard.** Your best kick or punch better do more than just tickle your opponent. Strike for the face and groin.

4. **Keep your eye on your opponent.** Don't be distracted and look away from the person(s) you are fighting. Don't look at the

another one could break out. Don't daydream or be in a daze at any time.

7. **Face the enemy.** Don't turn your back on any opponent, standing up or on the ground.

8. **Guard your face and groin.** Most areas of the body are capable of taking severe punishment, but a good punch to the face or groin will put even the toughest man out of commission.

9. **Martial Arts training won't make you indestructible.** Those comrades who have the time and money may consider taking lessons at a qualified karate or judo school (dojo). But don't expect to take a three-week or even a six-month course and become "indestructible" or "dangerous" or "deadly." Karate, judo, and most systems of self-defense require a *minimum* of one year of training before even modest results will be obtained. Actually, only experienced students of the martial arts can expect to defend themselves easily on the streets. Several weeks or even months of incomplete training may be more of a handicap than an aid.

10. **No Mr. Nice Guy.** Never "go easy" on an opponent—you may end up seriously injured or dead if you do.

11. **Never quit.** Never give in, even if you are knocked down or hurt. Keep your fists, elbows, knees and feet moving. If you believe that you cannot defeat an adversary before the fight begins, the chances are that you have already lost. Be determined. Have the correct mental outlook. Think positive but don't be overconfident.

ACTIVITIES IN BRIEF

● **Commander Koehl was interviewed over the Arkansas Radio Network on 25 May. The Commander spoke on a public affairs program, and described the Party's aims and goals as well as discussing the present-day resurgence of National Socialism throughout the world. The network, which has 75 Arkansas radio stations affiliated with it, has a listenership of one million.**

● The Party was in the news in the National Headquarters area during the month. Duty officers TL Fred Verduin and ST Richard Janos both gave interviews to the local press, which are reproduced here.

● **Also in the news in the NHQ area: 17-year-old high school student Randy Bates learned a hard lesson about "free speech in a free society" in late May when he tried to get his school authorities to allow a Party speaker to address his government class. The idea was vetoed by the local PTA. An article from the *Washington Post* on the affair is reproduced here.**

● And yet another lesson in democracy's much-vaunted "free speech" was learned by the students, teachers and administration of White Plains College in New Hampshire. Party activist Douglass Knight placed an ad for WHITE POWER in the student paper there, *Communication*. The paper accepted the ad and printed it. When the issue bearing the ad appeared, the college president, Dr. Faith Preston, had every copy confiscated and destroyed before it could be distributed to the student body. Shortly afterwards, a new edition of the same issue of the paper was printed and distributed—minus Doug Knight's ad for WHITE POWER. Long live the "marketplace of ideas!"

Nazi Party membership rises in schools

By KEVIN WATTS

Recently, a newspaper containing such articles as "Jews in the News" and "Hitler Lives!" has been distributed at several area high schools. The newspaper, entitled **White Power**, is just one of many pamphlets and booklets being distributed at the schools, reportedly by students belonging to a group called the National Socialist White Peoples' Party, better known by some as the American Nazi Party.

The party, which has its national headquarters in Arlington, is growing in membership, according to Fred Verduin, a local area organizer for the party. "In the past years we've seen a steady growth" says Verduin, who also believes that the movement will eventually involve a majority of high school students in the country. "The students will follow the general populace, it's just a question of basically the outside environment, of the system deteriorating as it has in the past." He cites as an example New York, where he says "the non-producing elements of society have finally outweighed the producing elements and basically we're talking about racial divisions, and as a result, things fall apart."

With regard to student participation, he says that "most of our students are not attached to units, and they are simply more or less official supporters, many of those who sign up also subscribe to the paper 'White Power', and that's basically it. Those that do get involved with the units distribute literature, organize their own meetings or study sessions, and stuff like that."

Any publication distributed in a Fairfax County school must have the authorization of that school's principal. So far, according to Verduin, no school principal has ever authorized any National Socialist literature at any school. But the literature still turns up at many schools, as Verduin explains it, because it's the students' responsiblity, not so much the party's, and in Fairfax especially, the high school units haven't attempted to come out and have the material authorized.

Verduin also says that there are more active students in this part of the area than in any other part. "It is rather strange that in Virginia, we have much more active students than say, in Washington, D.C., yet we get much more inquiries from Washington. It probably has something to do with the racial make-up of the schools, and the areas they're in. In D.C., they're just so swamped, and the administrators are really so anti-white, that it's almost impossible to get anything going there."

The party does not try to hide the fact that it is for "white supremacy;" in fact, it openly promotes it. Although they claim no relation to the original German Nazi Party of WWII, they do follow the same basic beliefs and ideals, and hanging behind Mr. Verduin's desk, there is a portrait of Adolf Hitler.

Local Nazis rap Skokie march

by Charles Krezell

The National Socialist White People's Party has denounced the planned Nazi demonstration in Sokie, Illinois because they believe that the bad publicity surrounding the event would do more harm than good to the Nazi cause in America. The group, with national headquarters in Arlington, also opposes the march because they feel that their rival, the National Socialist Party of America, is trying, via the Skokie march, to set up their leader, Frank Collins, as a fuhrer.

"As it is," said stormtrooper Richard Janos in their headquarters, "it'll probably ruin them. They are going to need a troop of Marines to save them. The demonstration

(Cont'd on p. 17)

Nazis

(Cont'd from p. 1)

will definitely be violent. The J.D.L. (Jewish Defense League) will definitely be there in force."

"It's just a form of jewbaiting, it's something you'd suspect of a Hollywood Nazi, we don't go in for things like that. There's no reason to do something like that. We're trying to do the opposite."

The National Socialist White People's Party, founded by George Lincoln Rockwell, claims to be the real American Nazi party. "We are the true party," said Janos, "We are the original Nazi party in this country, we have nationwide support; the National Socialist Party of America is just using this Skokie march to get some cheap publicity, that's not our policy, we are not interested in harassing people. There should only be one party for America, like there was in Germany. We believe in the constitution,—we've changed to fit America. We believe that the races should be separated. We think that people should live among their own kind. But we think we can come to settlements with other races, there will always be conflicts, we could never sit down as friends, but we could come to some agreements."

While the National Socialist White People's Party claims to be the largest Nazi organization in the country, the actual number of members is confidential. The commander of the party is Matt Koehl who assumed the leadership after Rockwell was murdered. Koehl, according to stormtrooper Janos, "travels around the world, but nobody knows his schedule because a lot of people would like to see him dead." The Arlington Nazis demonstrate only for political reasons like the Bakke case, or selling arms to Israel, according to Janos. That's why we're not cooperating at all with them on the Skokie march, there is no political issue there."

"We do believe that a real leader should lead," said Janos, "but Frank Collins is not a real leader. To be a true leader, you have to be Arian, and he's not; we have proof that Frank Collins, who claims to be a Nazi, is really half Jewish."

● As usual, the Chicago Unit had an eventful month of activities. In addition to four WHITE POWER sales—which netted hundreds of dollars for the Unit—and two distributions, numerous media interviews were given by comrades at the Midwest Regional Headquarters, including some to European correspondents.

● Reproduced on the next page is a letter from Minneapolis Unit Organizer Steve Martinson to the Chief of the Minneapolis Police Department, commending the department for its efforts to control prostition in that city.

● **In addition to the activities listed elsewhere in this Bulletin, Minneapolis comrades conducted numerous distributions of leaflets and WHITE POWERs during this time period. Also, Unit Organizer Steve Martinson and NSYM member Robin Betland taped an interview on WMMR, based at the University of Minnesota, on 19 May.**

● The Cleveland Unit, under the leadership of Doug Flagg, launched a comprehensive program of local activies in late May and June. Public activities undertaken by the Cleveland comrades included four paper sales, four distributions, and a picket of a newly-opened abortion clinic which specializes in murdering White babies.

● **Tracy-Stockton Unit Leader Rickey Cooper and Unit Member Steve Goldman gave a lengthy presentation on the Party on KMAK-radio in Fresno on 21 May. The two comrades were interviewed by moderator Mike Shaw, and answered questions phoned in by listeners for four hours.**

Dear Sir,

We of the Minneapolis Unit of the National Socialist White People's Party strongly support the efforts of your Department to bring to justice the pimps and prostitutes that frequent the downtown and South Side areas.

For too long these parasitic moral degenerates and racial traitors have made life difficult if not miserable for hard working White people.

We sincerely hope that you will not knuckle under to the demands of leftists and various misguided liberals who would have you abandon your task.

Keep up the good work.

Youth's Plan To Have Nazi Speak Fails

By Athelia Knight
Washington Post Staff Writer

Randy Bates, a 17-year-old senior at George Marshall High School in Fairfax County, learned a lesson from his government class this week, but it did not come from a textbook.

During the year, teacher Betty Little talked to Bates and his classmates about democracy, free speech and freedom of the press. She also covered the Nazi party, showed films about the Nazis and suggested her students watch "Holocaust" when it aired this spring on NBC.

But it was after the class discussed the National Socialist White People's Party — the American Nazis — that Randy Bates went after more information on his own, and that, in a sense, is when the lesson began.

Curious about Nazi propaganda techniques, Bates, whom Little calls "a very, very good kid," paid a visit to the American party's office in Arlington. He talked to some party members, picked up some literature, came back later with friends.

After a class discussion of the visits, Bates asked his teacher if he could invite a Nazi party member to address the class at the school. "They teach us all about democracy and freedom of speech," he said yesterday. "I really think it would have been an educational experience."

The school principal, J. A. Michael, vetoed the idea early in May, but area superintendent Margaret Ford agreed to hear Bates' appeal on May 19.

Ford said yesterday she gave her approval for a Nazi party member to speak to two govern-

ment classes, 60 students, after Little and Bates agreed to some stipulations —that student attendance would be voluntary, parental permission would be required for any student to attend the speech, and the Nazi speaker would neither wear a uniform nor show slides or film strips or distribute any literature.

Then there was a hitch.

The school's PTA learned about the appearance and asked Ford to reconsider her decision. "We felt that there would be a lot of reverberations in the school as well as the community," Marge Schweitzer, president of the group, said yesterday.

Yesterday morning there was a meeting and Ford, some PTA representatives, the school principal and Randy Bates were there. Bates was told that the speech was off—too little time left in the school year (classes end Friday) to allow for an outside speaker—and it left Bates feeling "really upset about this whole thing."

Betty Little said yesterday afternoon she had supported Bates' request. "I do understand his concern. I teach the free marketplace of ideas."

Michaels, the principal, said yesterday he had denied the request originally because of the impact the speaker might have had on the school atmosphere. "Any time you get a possible controversy coming in, there is a potential for disruption," he said.

And Randy Bates, who had tears in his eyes after the meeting, said, "It seems to me that they denied (the request) on the grounds that he (the speaker) was a Nazi. It's kind of an ironic twist to the end of the government class."

Letters *to the Editor*

Ancestors' Evils

Editor: Nazis defaced and leafleted Manteca High School in May. "N.S. Support Group" and a Stockton box number is on the leaflet about Mexican people. "N.S." means National Socialist (Nazi).

Our Anglo ancestors took this country from the Indians. Most Mexicans are of Indian descent, and therefore the Southwestern United States is more rightfully theirs than ours. The raping and knifing that the Nazi pamphlet attributes to Mexicans is what the whites who conquered the United States and Mexico did to the Indians.

Where did the Nazis get their statistics? They say, "Mexican rapists rank second only to Negro rapists."

What years, which states and exactly what do they mean by Mexican?

They want one to say, "This is understandable, since brown is the next step up from black." No evidence supports this. In fact, white men raping black slave women is where most of the tan and brown Negroes in this country came from.

God punishes us when we are cruel to others. We white people are suffering for the evil our ancestors did. If we had stayed in Europe where we belonged, this would not have happened.

What the Nazis are trying to do will just make it worse.

NANCY C. BRIERLEY

● In Northern California, White students sympathetic to the Party conducted numerous literature distributions in their high schools, much to the consternation of non-White students and the school administation. News coverage of the distributions brought a spate of letters by enraged "anti-Nazis" to the local papers—which in turn gave the comrades of the Tracy-Stockton Unit the opportunity to rebut the nonsensical attacks made on them.

'Phantom' Nazis

Editor: In response to Nancy C. Brierley's letter of June 9, we are aware of the racial heritage of America. We understand the racial composition of Mexicans and the American Negro.

We have our own concept of American history, just as Nancy has hers and everyone else seems to have his. Furthermore, we have our own method of determining ownership rights of America which are very different.

Nancy and I must be related. I am a distant relative of George Washington, too. Just before he freed his slaves, while tending to a flu-stricken slave in a drafty cabin, he caught the flu himself and died. God punishes us when we are cruel to others.

None of the incidents mentioned in the letter would have happened had the various races remained separated. We believe that separation of the races is the first step toward the elimination of racism.

The phantom Nazis who defaced East Union (not Manteca) High School are unknown to us. We do not condone property damage, and we remain within the law. Distribution of our literature is legal, and we will continue distributing and presenting our views.

'Nazi' Responds

I just read the Anti-Defamation League article in the May 6 Bee, in the religious section. In spite of the many inaccurate statements David Lehrer made, his organization and our organization have something in common — both organizations work towards the survival of their races.

The swastika is neither a foreign symbol nor a German one. The swastika is the symbol of the white race and has been found wherever the White man has built civilization. This is the reason why the German National Socialists adopted it. In contrast, the Star of David, the Jewish symbol, is not only a symbol of a foreign country (Israel), but is also the symbol around which the Jewish race rallies while they tell you that they are merely a religion.

Mr. Lehrer professes to have faith in the American people. This is not true. The Anti-Defamation League takes every opportunity it can to keep our views — or any views opposing the ADL's — out of the public forum. These pressure tactics are either overt or covert, but they do exist.

I've read the 16-page tabloid titled "The Record: The Holocaust in History." The holocaust is a hoax and the 6 million is a myth. Our logic is derived from population facts and statistics — even from the Jews' own sources.

We of the National Socialist White People's Party have faith in the people and believe that they will eventually see through all the hypocrisy and lies of the ADL.

Unit Leader,

Neo-Nazi Publication Distributed

The distribution of a neo-Nazi publication to doorsteps in the Fresno High School area may have been inspired by the recent NBC mini-series "Holocaust," authorities said Wednesday.

Residents of the area reported finding the publication, "White Power," in front of their homes Wednesday and indicated it had been delivered some time during the night. The publication, which bears a Nazi swastika on the logo, was dated April 1975.

An FBI spokesman said he had no idea who might be distributing such material. "That goes under the definition of intelligence gathering and we're not allowed to do that," the agent said.

However, a Fresno police detective said the distribution may have been inspired by the airing of "Holocaust," a controversial mini-series on the plight of Jews in Europe during World War II.

The headline of the publication read in large letters: "We Need a Hitler." The contents were directed mainly against Jews and blacks.

CRAIG TOWNER

8 September 1944—2 June 1978

National Headquarters was grieved to hear of the death of Official Supporter Craig Towner early this summer. Comrade Towner, who was despondent over personal problems, committed suicide on 2 June. There is no evidence that any foul play was involved.

Comrade Towner first joined the Party in the mid-1960's, when it was led by Lincoln Rockwell. After several years of inactivity due to military service, Comrade Towner rejoined the Party as an active member of the Los Angeles Unit in the 1970's.

Comrade Towner was the veteran of many street demonstrations, and was well-liked by other National Socialists who knew him. He is survived by his wife.
